

Steve and Rachel aboard their NEEL 51 “Off the hill”

Three months of ownership, fresh out of La Rochelle after some minor guarantee work, our NEEL 51 is everything we could have hoped for and more. The extras we asked for, such as the upgraded solar system and child friendly extra height stanchions, are the icing on the cake.

Accommodating, friendly management and staff, from NEEL-TRIMARANS, Pochon - their electrical contractors, and their first-class UK broker MiCats made a potentially difficult process almost easy, from first viewing through to delivery.

Now for some safe, speedy exploration in our new floating home.

Steve and Rachel Rathbone.
