DISCOVER THE NEEL 43 DUO: A NEW DIMENSION IN ONBOARD COMFORT AND SPACE

NEEL TRIMARANS, a pioneer in cruising trimaran innovation, is proud to announce the launch of the **NEEL 43 DUO**, the latest addition to the 43 range. Developed from the success of the historic version, this new configuration embodies our desire to offer a direct response to our customers' expectations: more living space on board for unrivalled comfort at sea and at anchor.

THE ESSENCE OF NEEL INNOVATION: A TRIMARAN COMBINING COMFORT, PERFORMANCE AND AESTHETICS

Emblematic design by NEEL TRIMARANS. Imagine a sleek silhouette, modern, dynamic lines and a spacious cockpit bathed in natural light. With the NEEL 43 DUO, we have reinvented space on board to offer a unique experience, both elegant and functional.

The perfect balance between performance and fun at sea

With its 3-hull architecture, the NEEL 43 offers incomparable stability and smooth sailing, even in demanding conditions. In this DUO version, which completes the 43 range, every element has been redesigned to combine comfort and performance: even more generous volumes and optimized layouts.

The space freed up by the removal of the front cabin has enabled the creation of:

- **Taut lines and optimized volumes** give the trimaran a modern, timeless look.
- **A 2-cabin configuration**, which frees up unprecedented living space and enhances onboard conviviality, with additional storage space to meet the needs of long voyages.
- **A panoramic roof** offering an unobstructed view of the horizon and exceptional luminosity.
- **A spacious lounge area** for multiple uses, whether for relaxation, work or socializing.
- **A saloon convertible into 2 berths** (the boat's sleeping capacity can be increased to 8 in this new version)
- **A meticulous interior finish**, thanks to the selection of premium materials that bring a certain standing to the living space on board.
- **Greater intimacy thanks to the addition of two bathrooms**, a major evolution on the initial version, offering each crew member a private and functional space for enhanced comfort at sea.

JANUARY 16, 2025

“This new design meets a growing demand for cruising units that combine comfort, ergonomics and performance. Our customers now want to sail with a greater sense of space and freedom, while retaining the elegance and performance for which NEEL TRIMARANS are renowned,” says **Stéphane Olevier**, Sales Director of NEEL TRIMARANS.

Performance-oriented design

The NEEL 43 DUO retains the strengths that made its initial version so successful:

- **Enhanced stability**, thanks to a lightweight structure and optimized center of gravity.
- **Precise maneuverability**, with a responsive, intuitive helm that will delight sailing enthusiasts.
- **A balanced sail/displacement ratio**, guaranteeing fast, pleasant sailing that will delight thrill-seekers and leisure cruisers alike.

With this version, NEEL TRIMARANS invites sailors to rediscover the pleasure of life on board, in a space where comfort and aesthetics rival performance.

A NEW WAY OF EXPERIENCING THE SEA

The NEEL 43 DUO is much more than a trimaran: it is an invitation to redefine your boating experience. Fun, spacious and high-performance, it embodies the NEEL TRIMARANS vision: **to offer boats that combine performance and sailing pleasure.**

Discover the NEEL 43 DUO today and find out why this trimaran is reinventing the standards of modern cruising.
